Notice of the Disclosing Schedule of
Consolidated Financial Results of Fiscal Year Ending March 31, 2020

The Company announced that it postponed disclosing the consolidated financial results because it had been necessary to take adequate safety measure for employees engaging closing accounts and audits, and it had been taking longer than expected to finalize procedure of audits at overseas bases in Europe and elsewhere for the impact of the spread of the new corona-virus infection in "Notice of Postponement of the Disclosure of Consolidated Financial Results of Fiscal Year Ending March 31, 2020 and of Setting the Record Date for the 172nd General Meeting of Shareholders" on May 25. However, being approaching the audit confirmation, the Company announces that the consolidated financial results of fiscal year ending March 31, 2020 will be disclosed on June 10.

It is sincerely apologized to the Company's shareholders, investors, and other stakeholders for the great inconvenience and concerns.

End
