### **Notice of Recording of Extraordinary Losses**

Fujikura Ltd. ("the Company") announces the recording of extraordinary losses during the six months ended September 30, 2024, as follows.

#### 1. Detail of extraordinary losses

The Company has recorded 7,273 million yen of the impairment losses in relation to the FPC business, which remains still under the tough environment as ongoing competition with competitors. This is because, considering impairment assessment as of September 30, 2024, the total undiscounted future cash flows had fallen below the the book value of the fixed assets attributable to the business, partly due to the temporary appreciation of the local currency against the transaction currency as of the date.

#### 2. Impact on the financial results

The extraordinary losses on the above are reflected on "Consolidated Financial Results for the Six Months Ended September 30, 2024 (Under Japanese GAAP)" announced today.
